

HAS AN ABUSIVE PARTNER GAINED CUSTODY OF YOUR CHILDREN?

HAVE YOU OR YOUR CHILDREN BEEN VICTIMIZED BY THE ALASKA COURT SYSTEM?

HAVE YOUR FRIENDS OR LOVED ONES EXPERIENCED LEGAL ABUSE?

ARE YOU READY TO TAKE OUR COURT SYSTEM BACK?

Our judges' reliance on outdated and discredited practices has resulted in thousands of children being sent to live with abusers.

“Protective Mothers Were Right - They **Are** Being Mistreated by the Courts”

As reported by Ms. Joye E. Frost, Director, Office on Victims of Crime (Federal Office)

The presiding judge usually makes assignments of judges to specialized courts (juvenile, probate, criminal, law and motion, family law etc.), oversees the calendar, and chairs meetings of the judges. Is it possible to add something similar to express her position in control over the assignment of the FAMILY COURTS?

PRESIDING JUDGE SHARON GLEASON

has ruled in favor of abusers again and again.

She is up for retention in 2010.

VOTE NO on retention this November.

Judges who have a pattern of awarding custody to perpetrators on November's Ballot: Get informed before you vote! Don't vote "yes" by default.
